Based at The University of Texas at Dallas, the Texas Analog Center of Excellence (TxACE) is the leading analog center in the world. TxACE integrates analog and mixed signals research through a holistic, collaborative process, creating revolutionary solutions for society and industry.

TxACE offers the **TI Analog Excellence Graduate Fellowship** to a full-time graduate student who intends to pursue PhD research in analog circuit design and engineering at the Erik Jonsson School of Engineering and Computer Science.

**Fellowship Benefits***
- $25,000 base stipend per year
- Research assistantship with additional stipends
- Full-time tuition and fee waiver
- Dedicated faculty support
- $70,000 estimated total award per year
- Award duration is three years

*Pending good standing at UT Dallas

This fellowship provides an outstanding educational opportunity. Prospective PhD students beginning in Fall 2019 are encouraged to apply.
